

2026-2027 Bible Reading Plan

Through the Whole Bible in a Year — Old & New Testament, Semichronological Order

How This Plan Works

This plan takes you through the entire Bible in one year, organized into sixteen parts in semichronological order. Each day includes two or three chapters of Scripture, one Psalm to slowly pray through, and — for many entries — a short animated video from BibleProject that unpacks the book's design and message. By the end of the year, you'll have prayed through the book of Psalms two and a half times.

Watching the Videos

Wherever a video is listed, its title is a clickable link that will take you to that book's video guide on bibleproject.com. You can also find every video at bibleproject.com/videos/all or by signing up to have them emailed to your inbox.
